

Toolkit

Toolkit for young adults with intellectual disabilities on global citizenship and civic engagement among young adults with intellectual disabilities:

1. Learn through videos and easy-to-read materials on the various topics
2. Try through quizzes, games, and questionnaires to consolidate and verify learning
3. Take action:
 - what you can do in your daily life; which campaigns / initiatives can I join
 - examples of initiatives that I can propose, always individually or at group level

“Let’s build together fair and inclusive societies where every person can live happily while respecting the planet.”

iTools

iTools is a website that offers you a series of digital resources that you can easily access in order to make your classes the best way possible.

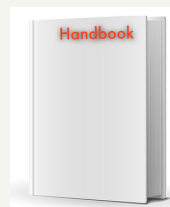

Human Rights, Agenda 2030 and the Sustainable Development Goals, as well as Global Citizenship, are essential topics and especially important today.

iTools was developed in order to facilitate the work of educators who wish to address these issues with students with intellectual disabilities.

Handbook

Handbook for staff members and trainers on global citizenship and civic engagement among young adults with intellectual disabilities.

The Handbook is a fundamental tool that contains the design of a set of learning units composed by a set of “pills” (articles, videos, cases analysis, good practices, study materials, etc.) on the project topics.

Project topics:

Unit 1. Human Rights and intellectual disabilities.

Unit 2. Agenda 2030 and Sustainable Development Goals and intellectual disabilities.

Unit 3. Climate change and intellectual disabilities.

Unit 4. Gender equality and intellectual disabilities.

Unit 5. Construction of peaceful and fair environments and intellectual disabilities.
